AN APPEAL

(مولانا مفتی) مجاہد الاسلام قاسمی
ناظم عمومی: آل آسام تعلیمی ترقی بورڈ
دکن، بیہر گاؤں، نوگاؤں، آسام، الہند

All Assam Talimi Taraqqi Board is an educational welfare organization, since 2002 rendering maximum contribution to the Madaris in Assam. From its inaugural day, the Organization is doing its best to achieve set objectives. This organization is looking after more than 350 Madaris spread all over North-East in different aspects. Enhancement of educational standards through competitive Examination, Training Programme, Smart Education Programme, Training for skill development & effective teaching etc. is the main objectives & functions of the Board. Apart from above said activities the organization strives to the extent possible to ensure infrastructural availability in the Madaris. To maintain all these activities, we need at least an amount of 51,5000.00 (Fifty one lakh Five Thousand). So, we on behalf of the Board humbly appeal to your generous soul to extend your benevolent hand to help us make the pious and noble mission successful.

PREAMBLE

All praises to Almighty Allah who blessed us with the service of the Madrassas, the greatest conservators and saviors of IMAN and ISLAM, Who bestowed upon us 'HIDAYAH' to enlighten our lives and progress in the ever admired path of righteousness. Since the time of the prophet Hazrat Muhammad (pbuh) 'Ashab-e-Suffah' has been originated to conserve and spread ISLAM. It is well known to the historians and chronicle writers that 1200 AH corresponding 1800 CE was the period of degradation of Muslim political power in India as well as the Muslim society. During that period Muslims, in general had become disheartened. At this hour of desperation and nihilism, a multidimensional personality had dawned from Indian horizon. He was none other than 'Hazrat Shah Waliullah Muhaddis-e-Dehlavi', who was well equipped with unparalleled knowledge, gifted experience and charismatic brilliance of moral values and Herculean will power. He elucidated the cause of overall downfall of the Muslims in India. As per the analysis, the political downfall was due to economic disorder and religious as well as behavioral downfall was due to the deaf ear turned by the Muslims towards the religious teachings. This towering personality started a mission to eradicate the causes of this downfall.

He was then replaced by his able and worthy Sahabzada Hazrat Shah Abdul Aziz (rh) who devoted his whole life and sacrificed himself for the cause of upbringing and activating the mission set to motion by his reverend father. Due to his selfless devotion and unceasing toil and efforts the plant his father planted was grown into a Mega tree and the fruits of which have appeared all over India as Madaris-e-Qaumiya.

They have been established to conserve and preserve Islam and to spread its ideology with Islamic science and knowledge through out the world to produce such persons who could combat the misconceptions and misinterpretations spread against Islam and the madrassas and eradicate the forces hostile to Islam and could ably handle the bridge with the leadership of the nation. Hence to achieve these aims & objectives the bellow said Board was constituted.

INTRODUCTION

"Assam" is a Muslim-majority minority province, where a network of Islamic madrassas has been laid in most of the villages with the help of the selfless sacrifices of religious elders and people of good deeds, whose goals are the same, but mutually incompatible. Sufficient results were not being achieved due to the incoherence, therefore, various boards were formed from time to time and efforts were made to coordinate and organize them as a unified platform by the knowledgeable and intellectual scholars of the Ummah to achieve common goals and promote the wider interests and common values of Islamic schools of thought and Islamic traditions should be protected and new challenges and temptations raised against Islamic schools of thought should be answered. One of them is the "Wafaq Board" and "All Assam Talimi Taraqqi Board". The origin of this board is from a dream which is described as such that the president of Jamiat Ulama Assam, Honorable Maulana

Mushtaque Ahmed Anfar saw a dream that there is a large congregation around the Quaid e Millat successor of Shaykh-ul-Islam, Hazrat Maulana Syed Arshad madani Mudda Zilluhul Ali, in which Maulana Mushtaque Ahmad Anfar Sahib is also present. Hazrat gave him a copy of "Bukhari Sharif" and ordered him to teach it, but he refused admitting his incompetence. So, on Hazrat's insistence, he taught Bukhari Sharif. The mentioned dream was interpreted as that Allah subhanahu wa ta'ala will take service from him in the teaching and promotion of hadiths, from the basic teaching of religion and Islamic sciences. So after a lot of deliberation, he consulted with some specific scholars and established a board in 2002 which was known by different names and finally came to be known as "All Assam Talimi Taraqqi Board". Under the supervision of late Maulana Mufti Sirajuddin Qasimi, the activity of this board were started from a few Madrassas. In a few years, when these Madrassas got satisfactory results, gradually more and more Madrassas began to be affiliated to this board. So far, more than three hundred and fifty small and big madrasas have been affiliated to this board. The reason for this is that the educational affairs of the affiliated madrasas are inspected at least three times a year by the "All Assam Talimi Taraqqi Board" and both the examinations i.e. half-yearly and annual are conducted comparatively with great management. Now this board is spread all over Assam, and is currently running under the supervision of Jamiat Ulama Assam.

At the moment, the president of the board is Hazrat Maulana Abdul Rasheed Sahib and the working president is Hazrat Maulana Mahmood Al Hasan Sahib. It's general secretary is Hazrat Maulana Mufti Mujahidul Islam Qasimi Sahib. He has six talented and experienced scholars under him who evaluates the education affairs of madrassa's. Also, they are performing the responsibilities towards the half-yearly and annual comparative examination and other issues as well. The madrassa's affiliated to the board include Madaris e Banun (Boys), Madaris e Banat and Madaris e Tahfiz-ul-Qur'an.

Alhamdulillah: This board, is moving towards its destination with it's various departments and various programs in the light of the following goals and objectives.

1. Protecting the religion of Islam and spreading it, equipping the rich and poor children of the nation with religious and worldly education.
2. Designing the curriculum in accordance with the requirements of the present day and implementing it in madrassa's.
3. To develop competitive and creative mintset among students through competitive programs on various topics.
4. Developing talented essay writing and translation skills in various current academic and regional languages among the students and providing training in necessary equipment and resources like computers etc.
5. Suppressing seditions arising against Madrassa's.
6. Conducting joint comparative examinations for the educational development of madrassa's.
7. To create a peaceful and respectful environment in the world through Islamic schools and its teachings, and to educate students against terrorism.

Academic Activities and Programmes

(1) Academic Inspection (2) Teacher Training (primary and secondary education) (3) Upgrading Teacher Skills (4) Scholarship Exam (5) Educational awareness programs (6) Fida e Millat Hazrat Sayyad As'ad Madani Competitive Exam for eligibility growth (7) Hazrat Shaikhul Islam Tashih-e-Qur'an project (e.g. correcting pronunciation and accent as well as phonetics while reading the Qur'an) (8) Competitive exam for glorious Qur'an (9) Interpretation Training Centre (10) Reawakening (Renovation) of Madrassas (11) Undertaking Religious Regulations (12) Departments of Researching and Analyzing (13) Meetings and Talks (14) Future Plans.

1. Academic Inspection

The seminaries which come under the Board are inspected atleast 3 times in a year by its ulama to improve academic standards and streamline plans to improve administrative affairs of the madrassas.

2. Teachers' Training Centre for primary and secondary education

All Assam Talimi Taraqqi Board looks after the training centres every year to equip teachers with improved knowledge. It benefits them a great deal as the teaching is carried out by closely monitoring the psychological and emotional state of the students. And therefore it helps madrassas to obtain their cherished aims.

3. Upgrading Teacher Skills

When teachers go back to their madrassas after a training programme, they very soon lose their effectiveness. Therefore the workers of Talimi Taraqqi Board visit the madrassas to check on the teaching skills of those who attended training camps to spur them and to make their method of teaching more useful. So they give students demonstrations of effective classroom teaching under the guidance of trained teachers. And both the students and teachers become directly benefited.

4. Scholarship Examination

In order to raise the educational standard of madrassa's and strengthen the abilities of the students in the madrassa's, joint comparative examinations of all classes are held every year. These examinations consist of three departments. Department of Arabic and Farsi for Boys, Arabic for Girls and Tahfeezul-Qur'an department for boys and girls. In addition to encourage the students who pass the exams are also awarded with certificates of appreciation and scholarships and prizes.

5. Educational awareness programs

The executive members of the board from time to time visit the under Talimi Taraqqi Board every year to take a stock of their internal situation. Whenever any fault is noticed, the member try their best to correct it by communicating with the supervisors in a very positive manner.

6. Fida e Millat Hazrat Sayyad As'ad Madani Competitive Exam for eligibility growth

It is an acknowledged fact that self-study is essential for the | acquisition of knowledge in one's life. Particularly, if the students could not grasp the finer points of knowledge such as SARF and

NAHU initially, they cannot rise to a higher level of | proficiency. That is why Talimi Taraqqi Board regularly organizes programmes on the topics of SARF and NAHU to develop the skills of students.

7. Hazrat Shaikhul Islam Tashih-e-Qur'an Project (e.g. correcting pronunciation & accent as well as phonetics while reading the Holy Qur'an)

It is an accepted fact that the glorious Qur'an is the fountain head of all Islamic science and teachings. Hence recitation of the Qur'an correctly and to understand its meanings and (10 explanations and to cleanse human's spirit through its guidance are among the main aims of Talimi Taraqqi Board. But it is a bitter truth that a large number of graduates from madrassas cannot recite Qur'an perfectly. Therefore this project was initiated so that graduates from madrassa's pronounce and understand the meaning of the Qur'an in a better way.

8. Competitive examination for Glorious Qur'an

The All Assam Talimi Taraqqi Board regularly organizes this competitive exam to instigate the students of Madaris run by the Board for correcting recitation of the glorious Qur'an and to develop the skills of phonetics as well, to inculcate the actual spirit of Arabic accent among students. This is the only reason Assam has its own merit in All India Competitive exam of glorious Qur'an. As a result of the competition, the students and people of Assam have improved their Arabic language in reciting the Holy Quran compared to the past.

9. Interpretation Training Centre

There is a sinister attempt by some anti-Islamic elements to misrepresent Islam and its teachings. Such attempts snare not only the simple-minded folk, but also the educated ones. Such kinds of books are published regularly in Assamese. To counter this trend, there was felt a need to promote a body of ulama who would translate articles and pamphlets in regional languages as well as in well known languages to clear the cobwebs from the minds of mass people and guide them to the right path.

10. Reawakening (Renovation) of Madrassas

As it is known, that Talimi Taraqqi Board always strives by every means for the betterment of Islamic education. Towards this end, the institution conducts a movement titled "Reawakening Madrassas" to revive such Islamic institutions which have reached a state of decline. After analyzing the causes the Talimi Taraqqi Board undertakes efforts to revive them at all levels, and by the grace of Allah the movement brings new life to some madrassas. May Allah continue these efforts forever.

11. Tahaffuz-e-Shariat (Undertaking Religious Regulations)

The majority of Muslims generally settle down in the char areas and they are very backward academically and financially. The population of the Muslim community in lower Assam is much higher than the upper Assam and that is why a large number of people of these areas do agree to do any menial and inferior work for their livelihood. A few organisations that have senator motives always interested in ensnaring these simple people easily, consequently ill-fated people are in the grip of evil forces. Occasionally, the Officials of Talimi Taraqqi Board pay visit to these areas and meet the local Scholars, Ulamas, and Intellectuals and organizes such programmes. Alhamdulillah, now it is

silver lining that unadvancement, ignorance, poverty and superstitions which have eroded their vitality are on the decline gradually.

12. Islamic Studies and Research Centre

Islam is a universal and eternal religion and it is a processor and path finder for the whole mankind. Islam brings the mankind closer under one umbrella to promote eternity and humanity as well as it rejects crimes and hostility forever. The Holy Qur'an is the most secret script of the whole universe, which solves innumerable human problems of any kind and pays salvation and mental solution. It is a matter of immense regret and sore to say that despite many scholars are not in a position at this hour to solve the manifold intricate human and social burning problems, though the Holy Qur'an has displayed clearly the eternal solutions of problems of the human society. At the mean time there is a good number of Qur'anic Research Centres at home and abroad but again regret to say that there is no such an Islamic Research Centre in Assam till now. It is a general view of the masses that if the Talimi Taraqqi Board intense and come forward the existence of such a Research Centre will not be a problem at all. It is the matter of happiness and pleasure to note that starting of such a centre has been decided by the Executive Body and will soon try to be started from the next Academic Year.

13. Future Plans

As the Office of Talimi Taraqqi Board Madaris Qaumiya is a center of Education and that is why various kinds of religious and general books are needed for it. Therefore, with the advice and cooperation of the Honorable President and other dignitaries, it was already decided to expand the Shaikh Ahmad Ali Darul Mutal'a in the office and gradually give it the shape of an ideal library. But due to the lack of a suitable house, the purchase of books was put on hold. After this arrangement, the work of collecting books will be started. Also a plan has been made to start a computer training center and a Quran research center for the righteous, but due to the lack of necessary people and reasons, these projects have not been started so far.

With best completments from
